

## ONE DYNAWRITE WON – TWO MORE TO BE GIVEN AWAY – FREE!

### DynaWrite SPECIAL OFFERS

Regular readers of Dynamic E-Voices will remember from the last edition that we are giving away 3 DynaWrites between April and June. The first one has been won by an SLT in Chester but there are still 2 more to be won. The entry form is on the website ([www.dynavox.co.uk](http://www.dynavox.co.uk)) but if you have already entered there is no need to enter again as your entry will go forward to the next draw.

### Also don't forget our two special offers on DynaWrite:

Order a DynaWrite before June 26<sup>th</sup> and select either a full **5 YEAR WARRANTY (Offer 1)** or a **25% DISCOUNT (Offer 2)** - reducing the price from £2,395 to £1,795

What other product could offer these special offers and the same benefits as DynaWrite such as:

- Full size standard keyboard for ease of use
- Access methods and scanning configurations can change with the abilities of the user
- Clear multi-line screen and variable character size for better visibility
- Rate enhancement features including word prediction and abbreviation expansion
- Multiple voice options and optional built in digitised speech facility
- Inbuilt infra red facility
- 8 hour battery life

#### Notes:

1. The two offers are mutually exclusive and cannot be used with any other DynaVox offer.
2. Purchasers **MUST** state OFFER 1 or OFFER 2 on the order to benefit from either offer
3. Neither offer can be added to an order after despatch.
4. This offer is for UK and Ireland direct purchases only and is not available to any resident outside of the UK or Ireland
5. The offer is available only for products ordered AND despatched before June 26<sup>th</sup>.

## DYNAVOX UK ACHIEVES ISO9001 AT FIRST ATTEMPT

ISO 9001

BUREAU VERITAS  
Certification

When DynaVox UK was a department within Sunrise Medical we had the ISO9001 accreditation through our links with Sunrise – we were audited on our particular aspects but the real hard work was done by Sunrise. When we became a separate company in 2004 we were able to still use the ISO accreditation until the next time that Sunrise were audited and given a new certificate which effectively removed the speech aid part of the business from the certificate. That happened over a year ago, but we can now announce that we have achieved ISO accreditation in our own rights at our first attempt. We think this reflects the way we have always tried to serve our customers and is also credit to Aimee Trimbee who led the project.

## MORE EYEMAX'S FOR THE LOAN STOCK

We are adding further Eyemax units (complete Vmax with Eyemax accessory) into our loan bank to try and shorten the current loan waiting time. One device is already in use and there should be another 3 available immediately after Easter. We are also bringing in three Eyemax accessories that we can then add to an existing loan Vmax which should increase our capacity again. Tania Cronshaw, who controls our loans, will be ringing individuals on our waiting list or if you prefer you can contact Tania direct

to see what she can do to bring your loan forward (please note she only works mornings). Tania can be contacted on 01384-446565
